

ENDORSEMENT:

I have reviewed the Memorandum of Understanding signed by the Chief, Procurement Division and the DDR Logistics Officer and am in general agreement with the statements set forth therein. Two paragraphs, however, require minor revisions, which will in no way alter the substantive content of the agreement.

Paragraph 6 The Deputy Director (Research) agrees to transmit only those proposals to the Procurement Division which contain research objectives of interest to this office.

Paragraph 7 The Deputy Director (Research) would advise prospective sources that their technical proposals had been rejected in only those cases which warrant the transmittal of an official rejection notice. Additionally, we may not be able to advise firms who have submitted unacceptable proposals of our reasons for rejecting their proposals.

EDWARD E. GILLER
Assistant Deputy Director
(Research)
